ATHENA CAREER ACADEMY PRACTICAL NURSING PROGRAM

MISSION STATEMENT

Athena Career Academy's mission is to provide quality educational programs that produce a competent and educated workforce.

VISION STATEMENT

Athena Career Academy's vision statement is to excel in providing students with quality programs that inspires a respect and value for lifelong learning.

PROGRAM PHILOSOPHY

The faculty of the Athena Career Academy Practical Nursing (PN) Program are committed to providing quality education as a prerequisite to placing competent and caring nurses in healthcare employment. Our objective is to provide support and encouragement to students so that they may promote, maintain, and restore wellness in mind, spirit, and body.

Athena Career Academy also provides the necessary knowledge, skills, and tangible applications, frameworks of analysis and synthesis of information, scientific principles, and appropriate legal and ethical considerations to foster critical thinking in the delivery of nursing care. The PN Program delivers an organized, goal-directed learning process by which knowledge, skills, and professional behaviors applicable to the basic biological, physical and technological sciences of human anatomy and physiology. Social and behavioral sciences are presented to encompass an understanding and to assist in communication with individuals and groups across the lifespan.

At Athena, the student nurse will learn to use the nursing process. This will be demonstrated by the collection of data to assist in the development of a nursing care plan and establishing a nursing diagnosis as well as implementation and evaluation of nursing actions. Our graduates will be able to professionally and appropriately collaborate with members of healthcare teams. The achievement of these objectives based in the science and art of nursing will prepare graduates to function safely and effectively within their defined scope of practice as a Practical Nurse.

CONCEPTUAL FRAMEWORK

The curriculum in the Athena Career Academy Practical Nursing Program is designed to prepare students in the core competencies performed by entry-level Licensed Practical Nurses toward assisting others in meeting their physical, mental, social, and spiritual needs in a variety of healthcare settings.

Integrated within the courses are objectives based on Watson's science of caring and the **five (5)** concepts and processes identified by the latest NCLEX-PN Plan as fundamental to the practice of nursing. These are defined as follows:

- **Nursing Process**: The clinical problem-solving process provides a scientific approach for delivering care to individuals. The steps of the process include data collection, planning, implementation, and evaluation.
- **Caring**: Encounters between the nurse and other persons are grounded in a humanistic value system of altruistic behaviors that fosters mutual respect and trust, provides support and compassion and is the essence of nursing.
- **Communication**: The verbal and/or nonverbal interactions between the individual, significant others, and members of the healthcare team.
- **Documentation**: The validation of the events and activities associated with healthcare are maintained by written or electronic records that reflect standards of practice and accountability in the provision of care. This is a critical component of a nurse's responsibility.
- **Teaching and Learning**: When a nurse serves the role of teacher, strategies to facilitate the acquisition of knowledge, skills, and attitudes will be used to produce professionalized behavior in students and future nurses.

ACCREDITATION AND LICENSURE

Athena Career Academy has governing associations, agencies, or governmental bodies that accredit, approve, or license the school and its programs.

- The Ohio Board of Nursing
- The Council on Occupational Education (COE) 7840 Roswell Road, Building 300, Ste 325, Atlanta, GA 30350, Telephone: [770.396.3898](tel:770.396.3898) / FAX: [770.396.3790](tel:770.396.3790), www.council.org.
- Ohio State Board of Career Colleges and Schools; 30 E. Broad Street, Ste. 2481, Columbus, Ohio 43215, Telephone: (877) 275-4219

Athena Career Academy will provide a copy of the school's documents describing its accreditation, approval, or licensing. Athena Career Academy does an annual report for COE as well as the Ohio Board of Career Colleges and Schools, and the Ohio Board of Nursing. The three agencies also conduct visits per their governing schedules. Students are encouraged to contact the Ohio Board of Career Colleges with any complaints.

NCLEX-PN

In order to obtain permission to sit for the NCLEX-PN licensure exam. Athena Career Academy's PN program will provide the prospective graduate with information regarding application to the Ohio/Michigan Boards of Nursing. Information regarding application for licensure, if the graduate chooses to test and be licensed in a state other than Ohio/Michigan, should be sought from that Board of Nursing or appropriate licensing authority in that state. Application for licensure will be the responsibility of the student. Once the student has

completed the requirements for the program, the Director/Designee will submit the appropriate forms to the selected board of nursing indicating that the graduate has completed the approved program and, therefore, has met the academic requirements for licensure. The selected board of nursing determines eligibility to sit for the examination. The graduate will receive authorization to test from their selected board of nursing and will then be able to schedule the NCLEX-PN examination with the testing center. (See graduation requirements for additional information).

The PN Comprehensive Predictor and the Leadership and Management Exams will be given to assess the student in his/her readiness for the NCLEX-PN Exam. Prerequisite PN101, PN102, PN103, PN104, PN105, Co-Requisite PN106-O and PN 106-P. **Students must complete all ATI assigned Tutorials and Assessments with any assigned remediation in this course within the required times frames in order to successfully complete and pass the course.**

ASSESSMENT TECHNOLOGIES INSTITUTE (ATI) POLICY

****Please note any student who is caught cheating on any ATI assignments e.g., copying another student's work, working as a group, using nonacademic resources to obtain answers, utilizing split screens, using multiple devices, completing during clinical hours, or allowing the system to run unattended to accumulate time will be dismissed from the PN program for academic dishonesty****

In the event a student is experiencing technical difficulties it is up to the individual student to seek assistance from ATI using the following number: 1-800-667-7531

Please note that ALL ATI due dates/times will be given to each student at the beginning of the term by the instructor and each student will sign/date acknowledging due dates/times. NO exceptions or extensions will be granted. A copy of this document will be given to each student and will be placed in the student's academic file.

Please refer to the class syllabus for further ATI information, explanations, and examples of ATI due date requirements. It is up to the student to seek clarification in the event a student does not comprehend the examples provided.

Please note it is the STUDENT'S responsibility to seek clarification of any assignments or due date requirements.

ATI offers resources designed to enhance student academic and NCLEX success. This comprehensive program offers multiple assessment and remediation activities. These activities in combination with the nursing program content assist students to prepare more efficiently and increases confidence and familiarity with nursing content. Students will be assigned ATI tutorials/assessments during their course of study that are specific to the nursing content. In addition, ATI provides active learning/remediation which is a process of reviewing content in an area that was not learned or mastered as demonstrated on an assessment. It is intended to help the student review important information to be successful in courses and on the NCLEX. ATI training will be provided by a faculty member of Athena Career Academy. All ATI proctored assessments show a student's course readiness in a specific content area. Please see below for an explanation of the different levels of readiness.

Level 3

Scores meeting the Proficiency Level 3 standard may be considered to exceed most expectations for performance in this content area. Scores at this level were judged by the content expert panel to indicate a student as likely to exceed NCLEX-PN® standards in this content area. ATI advises these students to engage in continuous focused review to maintain and improve their knowledge of this content.

Level 2

Scores meeting the Proficiency Level 2 standard may be considered to exceed minimum expectations for performance in this content area. Scores at this level were judged by the content expert panel to indicate a student as fairly certain to meet NCLEX-PN® standards in this content area. ATI advises these students to engage in continuous focused review in order to improve their knowledge of this content.

Level 1

Scores meeting the Proficiency Level 1 standard may be considered to meet the absolute minimum expectations for performance in this content area. Scores at this level are judged by the content expert panel to indicate a student as likely to just meet NCLEX-PN® standards in this content area. ATI advises these students to develop and complete a rigorous plan of focused review in order to achieve a firmer grasp of this content.

Below Level 1

Scores below the Proficiency Level 1 standard can be considered below minimum expectations and may be indicative of significant risk in this content area. ATI strongly advises these students to develop and complete an intensive plan for focused review and remediation, including the use of ATI materials, textbooks, class notes, reference materials, and assistance from nurse educators.

ATI Grading

Practice Assessment Assignments:

(All practice assessments are in the ATI products page under the Practice Assessments Tab)

Possible points are detailed on the table below. Remediation is required on the **first** attempt of a Practice Assessment. Student must turn the assignment in at the **beginning** of the class on its due date. If student turns it in late, they will receive a zero quiz grade, but will still need to turn it in completed per policy to complete the course.

ATI Assigned Practice Assessment	HAND WRITTEN ONLY Remediation **See below for remediation instructions	Total Possible Points
Scored 85 – 100% (4 points)	Complete Remediation (6 points)	10/10 (100%)
Scored 75 – 84% (3 points)	Complete Remediation (6 points)	9/10 (90%)
Scored 65 – 74% (2 points)	Complete Remediation (6 points)	8/10 (80%)
Scored 55 – 64% (1 points)	Complete Remediation (6 points)	7/10 (70%)
Scored below 55% (0 points)	Complete Remediation (6 points)	6/10 (60%)

Steps on how to do Remediation:

1. Go to the ATI results page. Click on the Practice Assessments tab and then click on the assessment report icon.
2. Print off the assessment report that pops up called the “Individual Performance Profile.”
3. On the “Individual Performance Profile” there will be “topics to review” listed.
4. Number each “topic to review.” It is important to number each item so that you do not miss any topic.
5. Then, **write out** 3 important facts on each “topic to review” listed and attach those to your “Individual Performance Profile.”

*Remediation on practice assessments must be handwritten and complete to receive the 6 points – **no partial credit on remediation will be given.** If the remediation is incomplete the student will receive 0 remediation points and it will be returned to the student to complete.

*Remediation samples available upon request. It is the student responsibility to do remediation correctly.

Proctored Assessment:

Proctored Assessments

These are proctored assessments/tests that will be given during class time. If student doesn’t show up for the scheduled time, they will receive a zero-quiz grade. The student will still have to complete the assessment by making an appointment to take it in order to complete the course. Any practice assessment with remediation due within the same quarter of a proctored assessment must be completed and turned in before taking the corresponding proctored assessment.

ATI Assigned Proctored Assessment	Total Possible Points
Level 3	10/10 (100%)
Level 2	8/10 (80%)
Level 1	7/10 (70%)
Below Level 1	6/10 (60%)

** Once a student has taken a Practice or Proctored Assessment, the student will have access to create an ATI focused review under the results page based on content the student needs to review.

Nurse’s Touch Proctored Assessments

ATI Assigned Proctored Assessment	ATI Level	Score Awarded

Meets Standards	2	8/10 or (80%)
Needs Improvements	1	7/10 or (70%)

There is no level assigned by ATI for dosage calculation proctored assessments. The score earned on the dosage calculation proctored assessment will be the score entered into the gradebook.

Obtaining a level 2 is the desired outcome of each proctored assessment. If a student receives a “level 1” or “below level 1” remediation may be assigned.

****Each practice or proctored assessment will be given a separate quiz grade according to the charts above.**

ATI COMPREHENSIVE PREDICTOR ASSESSMENT POLICY

The ATI’s Comprehensive Predictor Assessment has been shown to have a strong correlation with a student’s performance on the NCLEX-PN exam. The benchmark for a student is to achieve a minimum of 90% predicted probability of passing (PPP) NCLEX-PN. The comprehensive predictor is scored with a raw score percentage as well as predicted probability of passing NCLEX-PN.

Every student will be required to take the comprehensive predictor assessment during their scheduled time. **PLEASE NOTE IF YOU ARE TARDY** (greater than 15 minutes) or you have failed to correctly complete your remediation prior to the beginning of the predictor, **YOU WILL BE SENT HOME AND TIME WILL BE MADE UP AT THE DISCRETION OF THE INSTRUCTOR.**

On the first attempt in the event a minimum of 90% predicted probability of passing (PPP) is not achieved, the student must remediate according to the instructor’s guidance and retake the ATI comprehensive predictor assessment. Each student is given (2) opportunities to take the assessment to achieve a 90% predicted probability of passing (PPP). The second attempt is only given after required remediation.

If a student doesn’t achieve a minimum of 90% predicted probability of passing (PPP) on the second attempt, the student must meet with the instructor. Then the student with guidance of the instructor will develop a plan for NCLEX-PN success.

Please note that the ATI comprehensive predictor assessment is designed to evaluate your NCLEX-PN readiness. It is an EXCELLENT opportunity and students should take it seriously and strive to do their best.

****Please note any student who is caught cheating on any ATI assignments e.g., copying another student's work, working as a group, or allowing the system to run unattended to accumulate time will be dismissed from the PN program for academic dishonesty****

ATI LIVE REVIEW AND VIRTUAL ATI (VATI) POLICY

Athena Career Academy provides an ATI comprehensive live review. Upon completion of the ATI comprehensive live review, student will be assigned a VATI personal coach. **This VATI Coach will work with student for a term of 12 weeks.** Student will complete all weekly

assignments, as directed by his/her VATI Coach. Student must receive a “Green Light” from their VATI Coach, indicating readiness, before taking the NCLEX-PN exam. **In the event a student exceeds the 12-week time period it will be up to the student to pay for the reinstatement fees associated with the VATI Coach per ATI policy.**

NCLEX-PN LICENSURE EXAM FEE POLICY

Athena Career Academy will pay for a student’s first attempt on the NCLEX-PN exam (See Estimated Licensure Fees) only if the below set guidelines are fulfilled:

- Student must attend all days **AND HOURS** of the ATI Live NCLEX Review
- Student must receive the “Green Light” from their VATI mentor **before** taking the NCLEX-PN exam.
- Student must take the NCLEX-PN exam within 30 days of receiving the “Green Light.”
- Student must take the NCLEX-PN exam within 90 days of graduating from Athena Career Academy.
- Student must achieve the “Green Light” prior to Athena Career Academy paying for the initial NCLEX application.
- Student must achieve the “Green Light” prior to Athena Career Academy paying for the initial Pearson-Vue application fees.

In the event that a student does not meet **ALL** of the above guidelines, the student is then responsible for their own NCLEX-PN exam fees.

Students are expected to make reasonable decisions about their own attendance and will be responsible for any poor test, missed quizzes, in-class assignments, or clinical performance due to their decisions to miss class. It is the student's responsibility to maintain their own attendance hours. Athena will not issue attendance notifications or warnings related to attendance.

Please note instructors will NOT admit students to the classroom after class has begun. You will be required to wait to enter the class until the next scheduled break and this time will be considered missed hours.

Please note if a student is found falsifying attendance records the Director of Nursing Education will establish a plan of correction which may include dismissal from the program.

Any student who is absent more than the maximum 20% of the theory clock hours for a course will receive a failing grade. The course will have to be repeated in its entirety the next quarter if applicable. **(Please refer to the financial aid satisfactory academic progress policy for the financial aid obligations).**

The student will be given a total of **two (2)** opportunities to satisfactorily complete any skill during a competency. If the attempt at the demonstration is satisfactory then the student may progress to the next skill demonstration and continue to participate in the clinical rotations. If the student is unsatisfactory in **both** attempts at competency, the student will be given an "**Unsatisfactory/Fail**" (U) mark and **cannot** progress to the next skill demonstration or continue to participate in the clinical rotations. Clinical objectives promote professional accountability and provide the student the opportunity to perform the skills once the student has become competent. **For this reason, students are required to complete 100% of clinical hours.**

It is the student's responsibility to meet **ALL** the clinical objectives and clinical hours, and to maintain compliance with all necessary medical renewals such as, but not limited to, CPR, TB, and Flu vaccine. It is the student's responsibility to maintain and work with Athena Career Academy's Compliance manager to ensure all medical documents are current. All renewal documents are due by 5pm the day/evening before your next scheduled clinical rotation. Failure to renew required medical documents will result in not being permitted to attend a scheduled clinical rotation, which will result in a failing grade for the corresponding course. No student will pass without having met the required clinical objectives, clinical hours, and required medical record compliance. **Students are held to the same standards as those they will be expected to meet in the professional work environment.** Students are required to attend clinical on a predictable and consistent basis to meet curriculum standards and course objectives.

LEGAL AND SAFETY POLICIES

CONFIDENTIALITY

The Health Insurance Portability and Accountability Act (HIPAA) legislates the rights of individuals and the obligations of health care providers (nurses and nursing students) in maintaining the confidentiality of health care information. Therefore, any violation of confidential statements during classroom activities, clinicals, or during the student's own private time will constitute grounds for **immediate dismissal**. This includes the transmission of such materials by any means (e.g. verbal, cellphone, e-mail, Facebook, text, Twitter, etc.).

SAFETY POLICIES

Criminal Record Policy

This policy serves to protect the clients, students, and staff of Athena Career Academy and clinical affiliation sites, and also provides for the safety and well-being of patients, for whom responsible care is our primary consideration.

All students will have a criminal record check completed prior to admission to the program and before taking the State Board exam. The student must obtain both a BCI&I and FBI fingerprinting. The Ohio Bureau of Criminal Identification will conduct the criminal records check. Students may be denied access to clinical sites due to a felony record.

The nursing boards reserve the right to refuse licensure to any person with a criminal record that indicated the person has entered a guilty plea, been convicted of, or has a judicial finding of guilt for committing any felony. It is the student's responsibility to contact their selected board of nursing if they feel they may have a record that could hamper their approval by the selected board of nursing.

Any misconduct on or off school property and/or clinical sites that is directly related to and impacts the welfare and morale of the school is within the scope of authority and the discretion of the Director of Nursing Education with respect to discipline and/or program termination.

The applicant will be counseled regarding admission, clinical site availability, potential for employment, and potential licensure.

Alcohol and Drug Policy

In the event a student is showing evidence of being under the influence of drugs or alcohol in the classroom or the clinical setting, it is Athena Career Academy's policy that the student must immediately complete the following:

- If at a clinical rotation the student must secure safe transportation back to Athena Career Academy for an immediate drug screen. Communication of departure time will be communicated to campus to ensure timely arrival.
- Provide a drug/alcohol screen at student's expense

No student will be allowed to return to campus or the clinical setting without a negative alcohol and/or drug screen.

In the event of a positive alcohol screen or a positive drug screen for illicit street drugs, the student will be immediately dismissed from the program.

ACA reserves the right to conduct random drug and alcohol screenings. In the event a student fails the drug/alcohol screening he/she will be dismissed from the program.

Blood/Body Fluid Exposure Protocol

Should a needle stick or any incident occur exposing a student to potentially infective blood and body fluids, this procedure should be followed: Immediately report the incident to the instructor, obtain emergency first aid care from the facility as per protocol, and complete the required forms for variance according to facility protocol. Contact your personal health care professional for follow-up. The individual student is responsible for drug therapy costs and subsequent follow up testing.

INSURANCE

All students enrolled in Athena Career Academy PN program are covered under Athena's Professional liability insurance policy while engaged in scheduled student activities.

EMERGENCY MEDICAL FORMS

All PN students will be requested to fill out an emergency medical form providing the staff with information about who to call in the event of an emergency. In the event of an emergency at Athena Career Academy or the designated clinical sites the faculty/staff will notify 911 for medical assistance.

HEALTH/MEDICAL CARE

Students are expected to take proper care of their own health by maintaining proper sleep, exercise, and diet. All medical and dental appointments are to be made outside of program hours. The PN program will not be responsible for rendering any medical assistance or transportation due to liability reasons. The instructor reserves the right to request the student who exhibits signs or symptoms of illness to be seen by a physician. Students may be required to submit a physician's statement that they are able to resume nursing responsibilities before being permitted to return to the program. If an injury or illness alters a student's ability to meet the technical standards, that student will not be able to attend the classroom, lab, and/or clinical portion of the curriculum. Although a reasonable attempt to make accommodations will be made, the absence policy does remain in effect.

INJURY/ILLNESS/POSTPARTUM

A student who is injured/ill while in class or the clinical area must report the injury/illness to their instructor immediately after the incident/illness occurs. Any injury even though it may seem minor, should be reported and an injury report must be completed. Students will be referred to emergency care at their own expense for injuries or illness and will be referred to their physician for follow-up care. If any first aid or emergency care is required in connection with an injury or illness incurred by a student in the classroom/or clinical site, the faculty will report the emergency and dial 911, thereafter immediately notifying the Director of Nursing Education at (419) 472-1150. Students must turn in a doctor's release form to be able to return to class. Because students are not covered by Workers Compensation by either the school or the clinical

sites, each student will assume the financial responsibility for any illness or accident while enrolled in the program. If an injury occurs at a clinical site, the student must follow the policy and procedure for injury required by that facility. A student who has given birth must have doctor's release with no restrictions when returning to class/labs/clinicals.

Financial Assistance

Financing your education is the most important investment you make in the preparation of your career. Sources of financing your education are:

1. Student Self-Help (Personal resources)
2. Parental Assistance (Parental resources)
3. Financial Aid Programs for those who qualify
4. Employee Reimbursement (Check with your employer's human resource department)

Applying for Financial Aid

To begin the process of applying for financial aid, an online application or FAFSA (Free Application for Federal Student Aid) will need to be completed at fafsa.ed.gov. A FSA ID will need to be requested beforehand at <https://fsaid.ed.gov>. Please be sure to include the Athena Career Academy Federal School Code which is 041922 under the "schools you wish to receive your financial aid information".

Entrance Counseling and Master Promissory Note

Entrance Counseling and the Master Promissory Note is a requirement to complete the financial aid process. Borrowers can gain access to Entrance Counseling and the Master Promissory Note at www.studentloans.gov. You will need your FSA ID to log in.

What is Federal Student Aid?

Federal student aid, or Title IV, comes from the federal government—specifically, the U.S. Department of Education. It's money that helps a student pay for education expenses at a postsecondary school (e.g., college, vocational school, graduate school).

Federal Pell Grant

The Federal Pell Grant usually doesn't have to be repaid. It is based on the student's financial need.

The Direct Loan Program

The U.S. Department of Education provides loans through the Direct Loan Program to eligible students at participating schools to help them pay for education after high school. Direct Loans include the following: Direct Subsidized Loans, Direct Unsubsidized Loans, Direct PLUS Loans, and Direct Consolidation Loans. You repay your Direct Loan to the U.S. Department of Education. More specific information about the different types of loans can be found when completing the online Entrance Counseling.

Parent PLUS Loans

Parents of students may borrow up to the cost of education minus any other financial aid per year for each student who is a dependent undergraduate attending at least part-time. A credit check will be conducted to determine the parent's credit history.

Exit Counseling

Exit Counseling must be completed prior to graduation, a school withdraw, or dropping below half-time enrollment status. Borrowers can gain access to Exit Counseling at www.studentloans.gov. You will need your FSA ID to log in.

Other Programs

The following specialized programs are also available: Athena Nursing Clinical Partnership Grant, Athena Alumni LPN to RN Completion Grant, Athena Employee Dependent Grant, HPOG (Health Profession Opportunity Grant), Lucas County Workforce Development Agency and Michigan's Workforce Development System. Funding through these agencies (Local Job and Family Services) is limited; apply as early as possible. Local service clubs, businesses, churches, and community groups may offer some assistance.

2. Be enrolled with Athena Career Academy prior to application.
3. Meet the standards of academic progress as outlined in the student handbook.
4. Must be an active employee of said clinical site (employment verification required for each award cycle) and said clinical site must be under contract with Athena Career Academy.
5. Grant is for new enrollments only (new students to the program).

1. Recipient must meet all admission requirements as set forth in the student handbook.
2. Recipient must be enrolled with Athena Career Academy prior to application.
3. Recipient must meet the standards of academic progress as outlined in the student handbook.

For more information about the funding programs listed above, please see an Admissions/Financial Aid Representative.

Payment Policy

The school accepts the following forms of payment: cash, money order, Master Card, Visa, Discover, and American Express. Students who are receiving financial assistance from any agency or funding source must be advised that it is their responsibility to make sure that all proper paperwork remains compliant so that the school receives the proper tuition fees. All tuition and fees are the responsibility of the student regardless of anticipated grants and/or student loans. If you are set up on a monthly payment agreement, you will need to be current on your payments to be able to progress to the next quarter, or to receive your transcripts, course grades, and diploma upon graduating. Payments are typically due on the 20th of every month. A \$15.00 late fee will be applied to all payments made after the due date.

Satisfactory Academic Progress

Satisfactory Academic Progress Policy

Federal financial aid, also referred to as Title IV Funds, is awarded to a student contingent upon that student attending classes and successfully completing an entire payment period. Payment periods determine when funds are disbursed and the exact amount to be disbursed. There are three financial aid payment periods for the PN Program: the first payment period is 0-450 clock hours of the program, the second payment period is 451-900 clock hours of the program, and the third 901-1300 clock hours all in accordance with this Satisfactory Academic Progress Policy and other school published policies and procedures.

The PN Program academic year consists of 12 months of instruction for students enrolled in the day schedule and an average of 35-40 clock hours per week. The evening schedule for the PN program consists of 16 months of instruction and an average of 25-20 clock hours per week.

Definition of Satisfactory Academic Progress:

All enrolled students are required to maintain satisfactory academic progress towards meeting the established graduation requirements of the PN program. A student must meet each of the following qualitative and quantitative standards to demonstrate satisfactory academic progress:

Qualitative: A student must have a minimum cumulative grade point average of C (75%)

Quantitative: A student must attend at least 80% of the scheduled class hours on a cumulative basis during each evaluation period

Increments for Evaluation

Satisfactory academic progress is to be evaluated at the following time periods to determine eligibility of disbursements for students receiving Financial Aid (Title IV Funds):

- At the point when the student has completed 451 clock hours and 13 weeks of instruction
- At the point when the student has completed 901 clock hours and 26 weeks of instruction

Students will be provided progress reports containing both their academic (qualitative) and attendance (quantitative) results when SAP is evaluated.

Maximum Time for Completion:

Students will have a maximum of 125% of the normally allotted scheduled calendar time to complete their program of study. Maximum Time Frame is measured in units attempted. Grades of F, I (Incomplete) or W (Withdrawal) are considered attempted units and are included when calculating Maximum Time Frame. If it is determined that a student will not be able to complete the program because of class(es) failure(s) within the maximum time frame, the student will no longer be eligible for Title IV funds. *Example a 1300 clock hour program met for 125% would be 1625 hours and 60 weeks if the benchmark was 48 weeks*

Financial Aid Warning

Any student failing to achieve SAP as defined above at the end of the first payment period will be placed on Financial Aid Warning for the following payment period. A Financial Aid Warning allows a student to receive his/her financial aid disbursement for the first payment period, without an appeal or any other action from the student.

A student assigned a Financial Aid Warning will be notified of this status and the steps necessary to be removed from warning status. The documentation will be provided to the student in person or via email if the student has not attended classes on two consecutive days following the school's determination of his/her placement on Financial Aid Warning. A student receiving Title IV, federal student aid will lose his/her financial aid eligibility if SAP has not been met at the end of the Financial Aid Warning period.

Appeal Process

A student who does not meet the satisfactory academic progress standards at the end of the second payment period will have his/her Title IV Funds terminated. A student may submit a written appeal of his or her Title IV termination within five calendar days of the receipt of the dismissal notice. The appeal must be accompanied by documentation of the mitigating circumstances that have prevented the student from attaining satisfactory academic progress and evidence that changes have occurred to allow the student to now meet standards of satisfactory academic progress. Only extraordinary conditions will be considered, such as an injury or illness of the student, the death of a relative, or other special circumstances. Before an appeal may be granted, a written academic plan will be provided to the student which clearly identifies a viable plan for the student to successfully complete the program within the maximum time frame allowed.

The Executive Director or designee will assess all appeals and determine whether the student may be permitted to continue in the program on probationary status. The student will be sent the written decision within five calendar days of the school's receipt of the appeal. The decision of the Executive Director or designee is final.

Financial Aid Probation

A student reinstated upon appeal is on financial aid probationary status during which time he/she must meet the terms and conditions set out in the letter granting the appeal. A student on financial aid probation may continue to receive Title IV Funds.

Reinstatement

A student will be reinstated if he/she prevails upon appeal or at such time that he/she regains satisfactory academic progress by meeting the defined standard.

Refund Policy

If a student is not accepted into the training program, all program costs paid by the student shall be refunded. Refunds for books, supplies, and consumable fees shall be made in accordance with Ohio Administrative Code section 3332-1-10.1. Refunds for tuition and refundable fees shall be made in accordance with the following provisions as established by Ohio Administrative Code section 3332-1-10:

1. A student who starts class and withdraws within the **five (5)** day cancellation period shall be obligated for the registration fee.
2. A student who starts class and withdraws before the academic term is **15%** completed will be obligated for **25%** of the tuition and refundable fees plus the registration fee.
3. A student who starts class and withdraws after the academic term is **15%** completed but before the academic term is **25%** completed will be obligated for **50%** of the tuition and refundable fees plus the registration fee.
4. A student who starts class and withdraws after the academic term is **25%** completed but before the academic term is **40%** completed will be obligated for **75%** of the tuition and refundable fees plus the registration fee.
5. A student who starts class and withdraws after the academic term is **40%** completed will not be entitled to a refund of the tuition and fees.

The school shall make the appropriate refund within **Thirty (30)** days of the date the school is able to determine that a student has withdrawn or has been terminated from a program. Refunds shall be based upon the last date of the student's attendance or participation in an academic school activity.

Return of Title IV Financial Aid Funds

If a student withdraws or stops attending all of their classes within a quarter, federal financial aid regulations require that a calculation be done on financial aid funds received for that payment period. The financial aid is calculated based on the student's last day of attendance and any unearned aid must be returned to the federal government. Federal financial aid is not **100%** earned until the attendance has exceeded **60%** of the payment period. As a result of the calculation, a student may be responsible to pay tuition charges that were originally covered by financial aid funds that the school was required to return.

Students should contact the Financial Aid Office at the school for additional information about the R2T4 (Return to Title IV) calculation.

(% of enrollment that is completed) X (the total Title IV funds disbursed) + the Title IV funds that could have been disbursed by federal guidelines = the amount of Title IV aid earned.

Any Title IV aid that is unearned must be returned. If the student does not receive the full Title IV that he/she earned, then a post withdrawal disbursement may be made. If a student is entitled to a post-withdrawal loan disbursement, the borrower must respond to Athena's Financial Aid Office notice of the intended disbursement within 14 days.

Refunds from the student accounts for unearned student aid will be repaid in the following order:

1. Direct Unsubsidized Loan
2. Direct Subsidized Loan
3. Direct PLUS Loan
4. Federal Pell Grant
5. Employer
6. Student

All refunds are made within 45 days of the date of the school's determination of withdrawal. For refund purposes, institutional charges according to the federal guidelines are tuition, lab fees, textbooks, supplies, uniforms, and graduation fees.

The information presented here will be helpful as you progress through the PN program. Our expectation is that you will use this handbook as your first point of reference when you have questions concerning your program of study or academic policies. Please retain this handbook throughout your enrollment in the program.

You are starting an exciting, challenging, and rewarding journey. While the primary responsibility for your success lies with you, many individuals stand ready to assist you in your efforts. On behalf of the faculty and staff of the Athena Career Academy, we wish you continued success with your academic studies.
